

# SOUNDSCAPES

Cristina Cubells and Joana Casals

This book proposes a different experience beyond reading and enjoying its wonderful illustrations. It invites children to play themselves the soundtrack of every double page, giving them the tools through a colorful and intuitive graphic score.

## Selling Points:

- For young children, all sound is fascinating, from the random siren to the frolicking fiddle. They are experiencing the world anew, it's all amazing.

- A different approach to music through sounds and get to know how we can imitate what we hear with our voices.

- A book as unique as it is fun!
